LEADING INTERNATIONAL LOG HOME COMPANY ANNOUNCES A NEW WAY OF SELLING

MILTON, PA – Joe Folker, Director of Sales for Kuhns Bros. Log Homes, Inc. headquartered in Milton, Pennsylvania, recently announced “A NEW WAY OF SELLING” at the 2009 Annual Sales Meeting. Kuhns Brothers’ New “*True No-Shop™ Home*” provides the most comprehensive log home lines (Classic, Deluxe, and Premium) in the industry, providing more choices of products and services offered today. Simply, “It has everything you need to build your dream home.”

Tom Kuhns, owner of Kuhns Bros. Log Homes, comments that “once again we have set our company apart by providing more products and options in our homes than any other log home manufacturer. Products like kitchens, light fixtures, bathroom fixtures, fireplaces, flooring and many more are now a part of the “*True No-Shop™ Home.*” We’ve recognized over the years that the log home industry in general does not make buying a log home easy, and our customers would just like to enjoy their dream of living in a log home without jumping through a lot of hoops. The log home buyer also wants a company that will supply all the products for their home, giving them a broad selection of quality name brand products, and making the buying experience fun and easy.

“Our new home lines do just that by providing today’s log home shoppers more value and convenience than ever before. Whether the shopper is most concerned with quality and the finish of their home, is more budget minded or is somewhere in between, our goal is to provide a home to fit your needs and wants at an affordable price.

“Kuhns Bros. Log Homes, Team of Experts will guide you each step of the way. Your local Sales Representative can provide more details of our new home lines and connect you with our professional construction management, interior design, and financing services to name a few. Each customer may take advantage of our select menu of consultation sessions provided with the purchase of a Kuhns Brothers Log Home. Go to www.kuhnsbros.com for more information.”
